RENEWABLE ANALYTICS LLC LAUNCHES SUPPLY CHAIN RESEARCH COMPANY

**Renewable Analytics announces company launch and aims to become the
preeminent source of information for the Solar PV industry**

Press Release - 6.09.08

Renewable Analytics announces company launch and aims to become the preeminent source of information for the Solar PV industry.

Renewable Analytics will take a supply chain approach to track and forecast end customer demand.

The Renewable Analytics team draws upon the skills of a team with many years in the solar industry as well as market research.
